

HEAR pre-training evaluation

1. How confident do you feel talking to your patients about vaccines when they express hesitancy to receive a vaccine? [Scale of 1 to 10, with 10 being most confident]

2. How confident do you feel responding to each of the following concerns?

	Not at all	A little	Somewhat	Very
I am healthy and don't need it	1	2	3	4
I heard it causes infertility	1	2	3	4
I hate needles	1	2	3	4
It's just a way for drug companies to make money	1	2	3	4
RFK junior said it gives people autism	1	2	3	4
The medical establishment has conducted experiments on people like me	1	2	3	4
I got the shot last year and got sick anyway	1	2	3	4
I just trust God with my health	1	2	3	4
I'm just not worried about catching [condition]	1	2	3	4

3. What do you hope will be covered in this training? [open ended]

HEAR immediate post-training evaluation

- 1) After taking the training, I feel more confident about talking to patients who are vaccine hesitant
(Please circle your response)

Strongly Disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree
-------------------	----------	-------------------------------	-------	----------------

- 2) I intend to use the HEAR technique in my work (Please circle your response)

Strongly Disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree
-------------------	----------	-------------------------------	-------	----------------

- 3) How likely are you to recommend this training to someone else? (Please circle your response)

Definitely Not Recommend	Not Recommend	Neutral	Recommend	Definitely Recommend
-----------------------------	------------------	---------	-----------	-------------------------

- 4) What are some situations or questions you wish were covered in the training, if any?

- 5) What did you like about this training?

- 6) Any other questions or comments?

HEAR: 3 months post training

1. How confident do you feel talking to your patients about vaccines when they express hesitancy to receive a vaccine? [Scale of 1 to 10, with 10 being most confident]
2. Compared to before the training in [Month], how confident do you feel NOW that you can...

	Much less likely	A little less likely	About the same	A little more likely	Much more likely
... invite your patients expressing vaccine hesitancy to share their concerns?	1	2	3	4	5
... invite your patients expressing vaccine hesitancy to share their potential motivations to be vaccinated?	1	2	3	4	5
... offer new information for patients expressing vaccine hesitancy to consider?	1	2	3	4	5

3. How confident do you feel responding to each of the following concerns?

	Not at all	A little	Somewhat	Very
I am healthy and don't need it	1	2	3	4
I heard it causes infertility	1	2	3	4
I hate needles	1	2	3	4
It's just a way for drug companies to make money	1	2	3	4
RFK junior said it gives people autism	1	2	3	4
The medical establishment has conducted experiments on people like me	1	2	3	4
I got the shot last year and got sick anyway	1	2	3	4
I just trust God with my health	1	2	3	4
I'm just not worried about catching [condition]	1	2	3	4

4. What additional support do you wish you had for engaging with vaccine hesitant patients?
