Unlock Your Health Coaching Potential: A Skills-Based Health Coach Training

Learning Objectives

After completing this training, learners will be able to:

- Describe how health coaching skills assist patients in gaining the knowledge, skills, and confidence to become informed, active partners in their care
- Collaborate with patients to Set the Agenda for a visit
- Apply Ask-Tell-Ask to assess and build on a patient's knowledge and motivation
- Apply a client-centered approach to reinforce new information and steps to complete an action
- Explain common reasons patients do not take their medications and strategies for addressing patient concerns
- Apply medication reconciliation with a patient
- Describe a four-question sequence to assess patient knowledge of their chronic conditions
- Collaborate with patients to develop an action plan

Speakers

Patricia Mejía, Associate Director of Training
Meghan Elliott, MA, Trainer & Communications Coordinator
